## Chapter 1 by samichu01

I put my earbuds in as I help bring the boxes from the moving van inside, i put on my music the loudest it can go so I don't hear the words being thrown at my father from my mother. I pick a box labeled Samuel's room and another labeled posters and bring it into the large brick house my family picked out for us to move into. I look inside the house and saw my little sister sitting on the floor with her stuffed animal she named after her favorite superhero. I start upstairs and find a room thankfully with a sign saying SAM on a door. As i open the door i am greeted with all of my instruments sitting in the middle of the room already. I drop the boxes by the door and go to get the rest of the stuff.

"Hey bubba, can i help you?" I heard a faint voice and felt my plaid shirt be tugged. I look down to see charlie wanting to help.

"Of course Charlie, come on but don't pay attention to mommy and daddy okay?" I say trying to make sure my little sister doesn't think too much about them.
